Dear Several Sources Shelters Benefactor,

We continue to pray for everyone's safety during these unprecedented times. **We thank God for watching over all our benefactors and their families during this pandemic crisis.** Everyone at Several Sources continues to pray each day at 3 p.m. for the end of the coronavirus.

We ask the Blessed Mother to please join us in prayer for our Several Sources families, employees and benefactors, most importantly, for our mothers and their children, born and yet to be born. **We continue to live by the love of praying the Holy Rosary each day** and hopefully watching a Mass on TV each evening. AMEN!!!

The importance of the Rosary increased during this coronavirus with so many illnesses, and with so many people passing away, we need the help of Our Lady to put an end to the coronavirus. **Her work for our mothers and their babies is more important than anyone can imagine so we ask for your continued support as well as joining us in reciting the rosary. AMEN!!!**

We wanted to share with you one of the newest additions from Our Gift of Hope. Our little Heaven-Sent blessing, Herber, was born on December 14, 2019. **Through your compassionate support he is alive today.** We thank you and more importantly his mother thanks you for the joy of holding her son and looks forward to the day when he becomes a young man. **A day when the coronavirus will be history and she will be able to tell him our benefactors and Several Sources became a place of refuge for a mother and child.**

**While our mothers and their children are homebound and being protected from the coronavirus they are enjoying their time together.** Samantha and her son Noah (9-15-17) were experiencing some well spent time with his potty training. It was a very proud mom moment for Samantha when son Noah went to the bathroom twice yesterday on his own! Samantha said “Potty training is going good!”

“We have so much time on our hands now, that we can do the little things we didn’t have time for, but mostly bonding time with our children. Everyone has the time to pay attention to each other. **I think God wanted us to appreciate the people in our lives, to see the value in one another, but also how we need**

**one another to learn the true definition of family.”**

During the Coronavirus we are following the Personal Protective Equipment (PPE) guidelines by wearing masks and gloves around our mothers and babies. Kiana and her daughter Kian Dior are getting ready to leave our shelter and Kiana wrote a beautiful letter of gratitude, **“Thank you for taking me in when I was 10 weeks pregnant and had nowhere to go. Since I came to Several Sources Shelter I have a better relationship with the Lord. This organization is really doing God’s work. They didn’t just save my baby they saved my soul.”**

We thank you for your continued support which has helped mothers like Janeth and Kiana so please be as generous as you can. **Your donation will help to save many babies lives’ for Jesus and for Our Blessed Mother.**
